This is an automated message from HÉTFA Research Institute
Please do not reply to this address

You may **log in**. After that, you will get this message:

The screenshot shows the HETFA Research Institute website. The header includes the logo and navigation links: ABOUT US, NEWS, REFERENCES, CONTACT, and social media icons for LinkedIn and Hungary. The left sidebar contains a menu for the V4+WB Network of Research Managers and Administrators (RMAs), with options for About, Webinar Series, Online Expert Pool, Register, Learning Material Platform, Media, Contact, and Login. Below the menu is the Visegrad Fund logo. The main content area displays a message: "You have successfully logged in!". The message text reads: "If you have not registered to the Online Expert Pool yet, please do so [here](#). Please consider, that after registering to the platform, you have 3 days to fill your registration to the Online Expert Pool. Without doing so, your profile will be deleted and you will not be able to access the Learning Material Platform and search in the database. If you have already registered to the Online Expert Pool, you can edit your profile [here](#). If your profile is ready, let's search in the [database](#) and find colleagues to collaborate with! Thank you for being here! In case of any questions or concerns, feel free to contact rmanetwork_management@hetfa.hu."

It is important, that you **need to register to the Online Expert Pool within 3 days**. Otherwise, your profile will be deleted. You can register to the Online Expert Pool by clicking to the register button on the left side, and then the following platform will appear.

The screenshot shows the HETFA Research Institute website with the registration form. The header and sidebar are identical to the previous screenshot. The main content area displays the "GDPR rules" section, which states: "All personal data provided will be processed in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data. Such data shall be processed solely in connection with the implementation of the Online Expert Pool. The data provider may, on written request, gain access to his/her personal data and correct any information that is inaccurate or incomplete. He/she should address any questions regarding the processing of his/her personal data to the Data Manager. The participant may file a complaint against the processing of his personal data to the National Bureau of Data Protection and Freedom of Information (NAIH)."

The registration form includes the following fields:

- photo* (with a file selection button labeled "Fájl kiválasztása" and the text "Nincs fájl kiválasztva")
- name*
- title
- organisation (with a note: "(If you do not have an organisation please write 'none' or 'freelancer'.)")
- department
- website
- position in the organisation
- contact information
- e-mail*
- LinkedIn

Please fill in the boxes with all your relevant information!

After registering, you can access the Learning Material Platforms and search in the database!

Online Expert Pool

The Online Expert Pool is a **database to share profiles of RMAs, funding advisors, National Contact Points (NCPs)** of EU Research and Innovation Framework Programmes (FPs) and **any relevant expert** working on the interface of science **to reinforce a sustainable network and knowledge sharing** of RMAs in V4+WB countries. Apart from gathering the profiles, the ultimate goal of the Online Expert Pool is to **make the RMA profession visible**, and facilitate making connections among the registered partners (direct and mutual support, potential future partner search for R&I projects). As soon as more and more experts will register in the pool, it will be possible for any interested person looking for some crucial information or practical knowledge for its work, to search for the relevant expertise in the online pool and contact him or her directly.

The **benefits** of joining the Online Expert Pool – beyond gaining new contacts – is to have **access to the Learning Material Platform** that will be the repository of all learning materials, webinar recordings and support tools produced by the project. For more information, [check it out here](#).
